Dear Adrienne,

The trip to the US was a wonderful experience for all of us. We had a fantastic time during our time in LA, with so many rewarding meetings with interesting people and companies that we are fortunate enough to be working with, but I have to say that the lunch with you was what gave me the most personally. Your personality and energy and the enthusiasm you obviously feel about CUUR – and us! – is so inspiring, and I think you noticed my enthusiasm about what we could accomplish together. The valuable connections that you have, and your talent as a writer, marketer and journalist, will be invaluable assets for us in promoting CUUR in the US, and hopefully help us make a difference in people's lives. Because we feel that CUUR has the potential to do that, all that is needed is that people really try it together with Valerie Waters' program, and they will see for themselves. I know that Anders felt the same way about you, and we are really looking forward working with you and to seeing you and Lindsey when you come to Scandinavia in January.

So, on behalf of all of us, I wish you the greatest Christmas and New Year possible, and all the best until we meet again!

Best regards,

Ulf
